- Client communication and time management

CURRENT RESPONSIBILITIES

- Manage assigned leads in TeleCRM and keep their status up to date
- Follow up with leads on schedule and log every interaction
- Run and monitor automated message campaigns
- Report on lead progress and flag issues to the team

PROJECT

Coffee Sales Dashboard

Excel Dashboard | 2025

- Designed and developed an interactive Excel dashboard to analyze coffee sales data, using Pivot Tables, Charts, and Slicers to track total revenue, peak selling hours, and top-performing coffee types.
- Added dynamic visuals (bar and pie charts) for clear performance comparison of 9 coffee types.
- Provided actionable insights to optimize underperforming products and leverage afternoon traffic for upselling.
